# 1. TEMA

## DISTÚRBIOS DA TIREÓIDE

Quando essa glândula não funciona corretamente, ocorrem os **distúrbios da tireóide**."

- Realizar a predição de distúrbios da tireóide através de valores de atributos gerais do indivíduo (gênero, idade, ...) e de valores obtidos em exames (T3, T4, TSH,...);
- X A predição será feita através de Machine Learning, utilizando a ferramenta Weka.
